MAGAZUNE AND PROSPRET STREETS

On the eastern slope of Punchbowl. That this location is a choice and desirable one is evidenced by the many attractive bomes which have been built there during the past few years. More would have been built, but available building sites have been exhausted.

> These six lots are sub-divisions of a tract which has been opened up by making a street through from Magazine to Prospect streets. The prices range from \$250 to \$550 per tot.

A map showing size and location of these lots can be seen at my office.

T. W. HOBRON.
